

PRO-POLE® EXTENSION POLES

All weights and specifications are approximate.

VERSATILITY.

Medium duty Pro-Pole is one of our most versatile extension poles. Pro-pole can handle nearly any job you can think of and is durable yet lightweight with a comfortable fluted grip.

★★★★★ CUSTOMER REVIEW

"The Urban Farmers is an all-volunteer non-profit organization located in the East Bay of San Francisco. We are avid users of Mr. LongArm Pro-Poles that we use as fruit picking poles. The Pro-Pole 3208 is universally loved and appreciated by over 2,300 volunteers that help us each year."

— Siamack S.

The Urban Farmers is a grassroots, all-volunteer, 501(c)3 non-profit organization located in the East Bay of San Francisco. Our goal is to build a community-based, cost-effective and environmentally sustainable model of hunger relief.

They harvest excess backyard fruit for donation to the needy and believe no one should suffer from lack of food. They also believe the poor and the hungry in your community are as important as the ones in our community. They have developed tools, methods, and procedures that are portable. They can help you start a local gleaning chapter quickly and economically. Come join!
